Convocatòria 2017 - II Edició

## Cultura en Comú

En València en Comú entendemos la cultura como la base de una sociedad viva, en constante cambio, que evoluciona, pero siempre viene dada por el conjunto de producciones, creencias, valores, normas, actitudes y significados que un grupo social es capaz de generar en su relación con el entorno. Es un proceso de socialización que ocupa toda la vida. La cultura convierte a las personas en seres específicamente humanos, racionales, críticos y éticamente comprometidos. Proyectos donde las personas se convierten en sujetos activos, creadores y transformadores de su propio proceso vital y cívico.

En esta línea de acción, los proyectos irán encaminados a visibilizar diferentes expresiones culturales plásticas, escénicas, artísticas, urbanas como: teatro, danza, audiovisuales, música, literatura, memoria histórica...
